“Support Team is Friendly” - N.Sudha(Staff Nurse) |

“Hardware and Network Solutions make Nalam+ Complete” - Dr. Devaraj |

Mantras of NALAM+

Accurate Data for Patient Care

Ease of Use for Hospital Staff

International Standards on Medical Codes

Technology at its Best Use for Doctors

All Digitized Hospital / Clinic.

Right from the **Patient Registration** to Discharge, Prescription to **Discharge Summary**, Investigation Reports to Surgery Reports, Referral Letters to Doctors Certificates, Nalam+ stands next to you and helps you like a **Smart Assistant**.

It is easy to know more

It is easy to keep an eye on your In-Patients while you continue to see your Out-Patients. **Know the stock** availability of medicines while to type the prescription. Be aware of the time your **Lab Technicians** take to complete the tests. **Monitor the Cash** at the Cashier or Pharmacy or Labs and much more...

Multi Specialty in Software.

We know your patients are different, so are Nalam+'s Screen Designs. Nalam+ has Speciality screen designs for **Ophthalmologists**, Orthopedics, **Gynecologists**, Pediatricians, **General Physicians** and more. While Pediatricians' Screens show the patients growth charts and **vaccination schedule** Gynecologists' Screens show growth of **fetus** size of **uterus** and the amount of Liquor and more...

Staying Hungry to Serve you

Nalam+ team stays on top of **standards and best practices** that are suggested by the World Organisation and Doctor's Associations.

ICD Codes, Insurance Codes, New standards by Governments, New Medicines in the market are kept upto date in Nalam+.

Latest Technologies at its Best Use for Doctors

A Biometric device that reads the **fingerprints** of Patients brings the complete Medical History of Patients. The Biometric devices to also maintain attendance and more for hospital staff. SMS for **Registration**, Prescription, **Test Results** and Reminders and more. Instant Billing for Out-Patients, In-Patients, Pharmacy, Labs etc.

Support for **Multiple languages** for Doctors' advices to Patients.

OK, I understand Nalam+ Software, What about Hardware

While working with the Doctors, we were able to witness that the Doctors and Hospitals are buying Powerful Computers and use only fraction of its Power. Also we see them buying computers from a Local Vendor/Person with No Guarantees for the Hardware and importantly No Licenses for the Software.

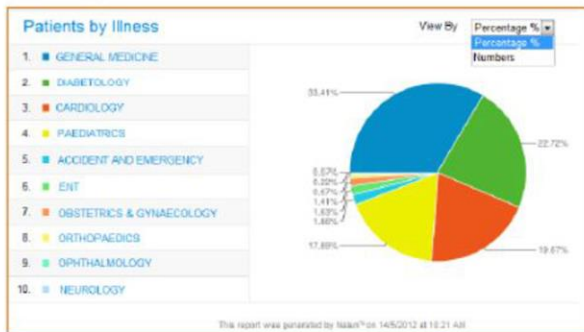

NALAM, *lite*

The Research and Development team of Nalam+ Produced 'Nalam Lite'. A right computer for Hospital needs with Low Cost, Less Hassle, Light weight, Low power consuming ECO Friendly and Most Importantly with Original Microsoft Operating systems and 100% Replacement Guarantee*.

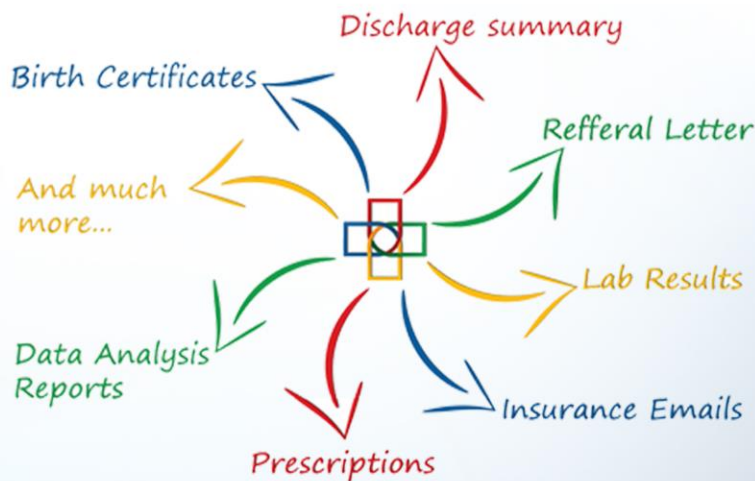

An unbeatable offer, Only from Nalam+.

Sample Reports

Sample Trend Report showing number of patients by illness.

Data Analysis Reports and Nalam+ in web.

Team Nalam+

Nalam+ has been approved by Indian Medical Association for providing software services to IMA Hospitals.

Team Nalam+ is the ONLY Hospital Software producing company who had partnered with Microsoft and Its direct vendors for bringing Original Microsoft Operating Systems at OEM prices. Nalam+ is getting Original Equipment Manufacturers (OEM) OSs from Microsoft and Bundles it with Nalam Lite.

Team Nalam+ has also become a Corporate Associate Member of The Associated Chambers of Commerce & Industry of India (ASSOCHAM).
